## MAGS FAMILY

The Mags sofa family is an elegant series that combines maximum comfort, minimum details and optimal flexibility in a timeless design. The low, welcoming frame has a distinctly lounge feel, reinforced by the deep seats and solid armrests. Based around a solid construction with durable, high-density foam and interior padding, the collection comprises the pared-back Mags sofa and the more fluid, relaxed Mags Soft Sofa, which has an added layer of down padding for extra softness. The Mags Soft series also comes with high or low armrests to create a more informal, open space. All sofa variants are available in a wide range of functional modular units, meaning the sofa can be fully customised with chaise longue, corner modules or additional seats to suit any room or purpose, while the numerous high-quality upholstery options allow the sofa to find its own personality.

## MAGS SOFT

Rounded edges and soft cushions create a milder, relaxed tone with the Mags Soft Sofa. Retaining the same strong aesthetic presence as its firmer, more pared back sibling, this version takes on a more fluid, poetic silhouette. Optimal comfort and durability are ensured by the sofa's solid construction, which has been built using durable, high-density foam and covered with down padding for extra softness. The low frame has a distinctly lounge feel, reinforced by the deep seats and high armrests, to result in a more open, welcoming space. The wide range of functional modular units mean the sofa can be fully customised with chaise longue, corner modules or additional seats to suit any room or purpose, while the numerous high quality upholstery options allow the sofa to find its own personality.
