### Description

The Roller Max sideboard offers functional storage in an eye-catching design. Featuring sliding doors, adjustable shelving and seamlessly integrated handles, this piece beautifully showcases the collection's stacked wood-stick design. The result is an elegant and sophisticated item for both residential and commercial spaces. Designed by Alain van Havre.

This Roller Max sideboard features 2 fully-opening sliding doors and adjustable shelves.

### Designer **Alain Van Havre**

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Graphic, Pl, and Stairs. He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.
