## VICO DUO BEAUTIFUL FUNCTION

Beauty and function converge in a stylish  
stacking chair by legendary Italian designer  
and architect Vico Magistretti

# BEAUTIFUL FUNCTION

## The Vico Duo stacking chair

The Vico Duo is a stylish veneer stacking chair by Vico Magistretti that is versatile and perfectly suited for agile workspace and hospitality design.

The chair is simple with tight lines. A loose 'z' line drawn across paper inspired the chair's backward armrests – an unusual element that intentionally balances the design. The armrests and back legs are one piece of steel – another unique aspect of the design. New arm pads add comfort and black powder coated bases add to the contemporary look.

Fritz Hansen reissues the Vico Duo chair in celebration of the 100<sup>th</sup> anniversary of Vico Magistretti's birth. Magistretti designed the chair in 1997, sitting among his sketches in Fritz Hansen's design department
