Over Me. A Light You Can Look Up To.

Design:
Morten & Jonas

At the flip of a switch, Over Me becomes a glowing glass disc that casts diffused light from all sides.

Thanks to its minimalist appearance and ability to attach to a variety of surfaces, Over Me is a true chameleon. This flush-mounted light is subtle enough to blend in with the ceiling, yet stylish enough to create a focal point when installed on a wall. At the flip of a switch, Over Me becomes a glowing glass disc that casts diffused light from all sides.

Over Me is available in two sizes and in three colours, and considered suitable for almost any setting. Over Me is an attractive addition to bathrooms, kitchens and public spaces, while providing a practical solution for areas where conventional light fixtures won't fit.

The designers: Morten & Jonas

Known eponymously as Morten & Jonas, Norwegian designers Morten Skjærpe Knarrum and Jonas Norheim need no further introduction. They established their studio in Bergen, Norway after receiving masters degrees from the Bergen Academy of Art and Design. The designers create cutting-edge products, furniture and interior architecture marked by curiosity, imagination and humour.

Morten Jonas's point of difference is being able to add design to social agendas, famously enlisting the help of incarcerated men and women to manufacture their Bake Me a Cake table lamp. The lamp was launched in 2013, and since then, Morten & Jonas have earned several awards and had their work exhibited worldwide. Over Me is Morten & Jonas's fourth design for Northern Lighting.

Models and prices

Available:
Summer 2017

Retailers and distribution:

About us: Northern Lighting

Imagine a creative force led by original ideas, in a place where traditional design seems like a thing of the past. Where contemporary artefacts find new friends, and award-winning classics are remade with state-of-the-art materials. Where all the lights are fun to use, and bridge the gap between everyday functionality and ideals of luxury and style.

Look no further than Northern Lighting, a heady hotspot of creative cool. Whether crafted into pendant lights, floor lamps, wall lights, table lamps, candle holders or tea lights, each product we make enhances the quality of ambient light. We create soft lighting that makes their surroundings seem soothing and relaxing, or use diffused glows to create moody tones.

Northern Lighting's products are created in collaboration with designers, tastemakers and innovators around the world. Established in Oslo in 2005, our designs are guided by Scandinavian simplicity and the ever-changing character of the Nordic light. As Northern Lighting's products illuminate interiors throughout the world, our commitment to quality, sustainability and design excellence travels with them.
