Product description:

A durable and practical wooden wall shelf with a good depth for easy storage or display. The striking H-shaped end frames, which show off the beautiful grain of the pinewood, are joined to smoothly embrace the solid top. Made from locally sourced Bosnian pine, a warm raw material and a great alternative to traditional slow-growing wood, this attractive wooden bench is a sustainable choice. The bench is finished with ultra-matt lacquer for extra protection. The Ordinary Storage Box fits neatly into the Beam Shelf.

Designer's thoughts:

'With Beam Bench I was inspired by classic H-profiles from construction, which have an iconic graphic shape. The wide profiles of the legs make it possible to conceal the screws that join the legs to the horizontal surfaces.' – Jonas Herman, Herman Studio

Finish:

Matt
lacquer
